### Coral Sunset Peony (1)

*Paeonia lactiflora*

This award-winning peony features large, semi-double blooms with coral-colored petals that fade to ivory. Though peonies will not bloom the first year and may take up to two years to fully mature, the showy and fragrant blooms are well worth the wait!

**Hardiness Zones:** 3–8

**Plant Type:** Perennial

**Bloom Time:** Late spring to early summer

**Advantages:** Deer resistant; bee and butterfly attractor; great for cut arrangements

**Mature Plant Size:** Approx. 24"–36" tall

**Light Requirements:** Full sun to part sun

**Plant Depth:** 1" deep, 24"–30" apart

**Soil Type:** Loamy soil

\$22.00

### NEW! Festiva Maxima Peony (1)

*Paeonia lactiflora*

Deer-resistant peonies are prized for their large, fragrant flowers that attract pollinators and are perfect for cut arrangements. Once established, you'll enjoy beautiful white blooms flecked with crimson in the Festiva Maxima peony.

**Hardiness Zones:** 3–8

**Plant Type:** Perennial

**Bloom Time:** Late spring to early summer

**Advantages:** Deer resistant; bee and butterfly attractor; great for cut arrangements

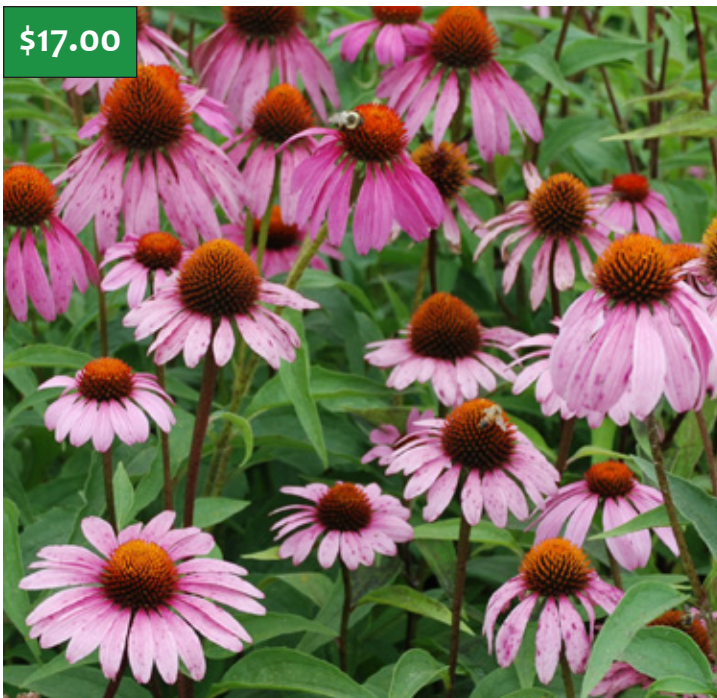

**Mature Plant Size:** Approx. 24"–36" tall

**Light Requirements:** Full sun to part sun

**Plant Depth:** 1" deep, 24"–30" apart

**Soil Type:** Loamy soil

\$17.00

### FAN FAVORITE! Coneflower (5)

*Echinacea*

A tall plant with butterfly-attracting flowers, Coneflower will fill your garden with blooms just after the spring flowers have faded. Let the flower heads dry on the stem to provide seed for birds to eat during winter.

**Hardiness Zones:** 3–8

**Plant Type:** Perennial

**Bloom Time:** Mid to late summer

**Advantages:** Deer resistant; easy to grow; attracts bees and butterflies; great for cut arrangements; extended bloom time

**Mature Plant Size:** 28"–36" tall

**Light Requirements:** Full sun to part sun

**Plant Depth:** 1" deep, 12"–18" apart

**Soil Type:** Sandy or loamy, well-drained soil

### Café Au Lait Dahlia (3)

*Dahlia*

This dinnerplate dahlia's claim to fame is its stunning creamy blossoms with a subtle hint of peachy-pink. We recommend planting in a sheltered location protected from wind.

**Hardiness Zones:** 8–11

**Plant Type:** Perennial in zones 8–11; dig up and store over winter in zones 3–7

**Bloom Time:** Midsummer through fall

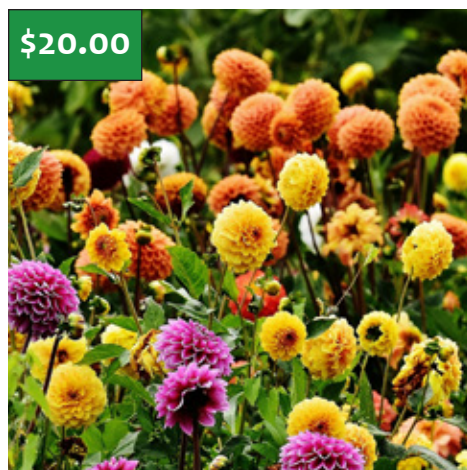

**Advantages:** Excellent in cut arrangements; butterfly attractor

**Mature Plant Size:** Approx. 36"–48" tall

**Light Requirements:** Full sun

**Plant Depth:** 4"–6" deep, 12"–18" apart

**Soil Type:** Sandy or loamy soil

### Pompon Dahlia (3)

*Dahlia*

These colorful flowers bloom for months, attracting butterflies and providing beautiful blossoms for cut arrangements. Perfect for container gardens as well!

**Hardiness Zones:** 8–10

**Plant Type:** Perennial in zones 8–10; dig up and store over winter in zones 3–7

**Bloom Time:** Mid to late summer

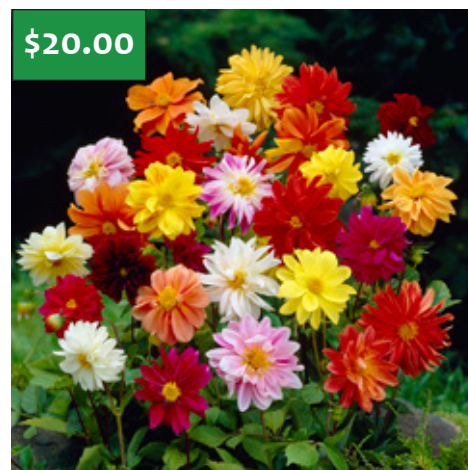

**Advantages:** Attracts butterflies; great for cut arrangements; excellent choice for container gardening

**Mature Plant Size:** Approx. 24"–36" tall

**Light Requirements:** Full sun

**Plant Depth:** 2" deep, 12"–15" apart

**Soil Type:** Moist but well-drained soil

### Unwin's Mix Dahlia (5)

*Dahlia*

The explosion of color in this semi-dwarf Dahlia mix would make a beautiful border for your garden. It's also an excellent choice for cut flowers. In zones 3–7, dig up bulbs to store indoors for winter.

**Hardiness Zones:** 8–10

**Plant Type:** Perennial in zones 8–10; dig up and store over winter in zones 3–7

**Bloom Time:** Midsummer until frost

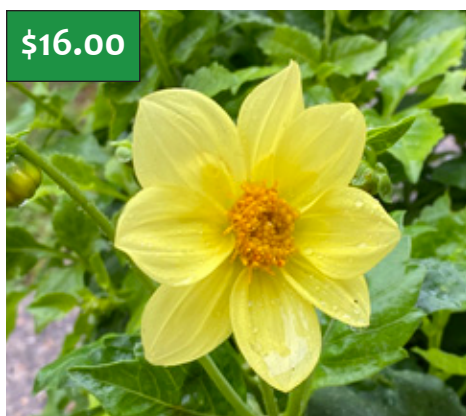

**Advantages:** Excellent choice for borders or container gardens

**Mature Plant Size:** Approx. 16"–24" tall

**Light Requirements:** Full sun

**Plant Depth:** 1"–2" deep, 8"–12" apart

**Soil Type:** Sandy or loamy soil

### Yellow Mignon Dahlia (3)

*Dahlia*

This single dahlia is hardy in warmer zones, but can be grown as an annual in zones 3 to 7. Bright yellow flowers bloom in mid to late summer, and sometimes even into early fall.

**Hardiness Zones:** 8–10

**Plant Type:** Perennial in zones 8–10; dig up and store over winter in zones 3–7

**Bloom Time:** Mid to late summer

**Advantages:** Attracts pollinators; great for container gardens; use in cut arrangements

**Mature Plant Size:** 12"–18" tall

**Light Requirements:** Full sun

**Plant Depth:** 1"–2" deep, 12"–15" apart

**Soil Type:** Moist, well-drained soil

### Thomas Edison Dahlia (3)

*Dahlia*

The deep purple blossoms of this dinner plate dahlia look stunning in bouquets as well as garden borders. Choose a sunny but sheltered location to protect from wind. In hot southern climates, some afternoon shade is desirable.

**Hardiness Zones:** 8–11

**Plant Type:** Perennial in zones 8–11; dig up and store over winter in zones 3–7

**Bloom Time:** Midsummer through fall

**Advantages:** Butterfly attractor; great for

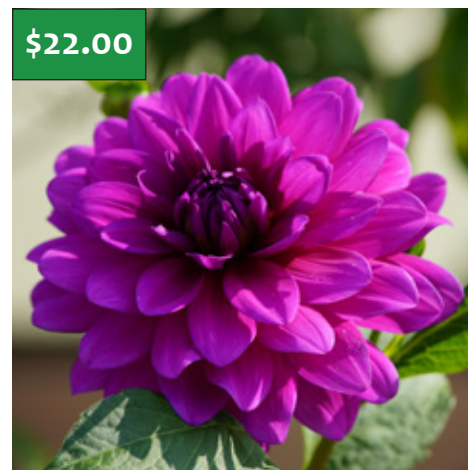

borders and cut arrangements

**Mature Plant Size:** Approx. 36"–48" tall

**Light Requirements:** Full sun

**Plant Depth:** 4"–6" deep, 12"–18" apart

**Soil Type:** Sandy or loamy soil

\$15.00

### Columbine (5)

*Aquilegia*

This hardy, shade-loving flower has unique, star-shaped petals. For cut arrangements, pick when blooms are only half-open.

**Hardiness Zones:** 3–9

**Plant Type:** Perennial

**Bloom Time:** Late spring to early summer

**Advantages:** Deer resistant; attracts pollinators; small spaces

**Mature Plant Size:** Approx. 24"–28" tall

**Light Requirements:** Part sun to full shade

**Plant Depth:** 2" deep, 12"–24" apart

**Soil Type:** Moist but well-drained soil

\$15.00

### Torch Lily (3)

*Kniphofia*

The bright orange blooms of this stately, tropical-looking plant grow on stalks up to 4 feet tall and are a favorite of pollinators.

**Hardiness Zones:** 6–9

**Plant Type:** Perennial in zones 6–9; annual in zones 5 and below

**Bloom Time:** Early to late summer

**Advantages:** Deer resistant; attracts butterflies and hummingbirds

**Mature Plant Size:** 36"–48" tall

**Light Requirements:** Full sun

**Plant Depth:** Crown 1" deep, 18"–24" apart

**Soil Type:** Sandy, loamy, dry soil

\$16.00

### Mixed Yarrow (3)

*Achillea*

Featuring a cheerful mix of colorful blooms that can range from yellow to pink to white, yarrow is incredibly easy to grow.

**Hardiness Zones:** 3–9

**Plant Type:** Perennial

**Bloom Time:** Early through late summer

**Advantages:** Deer, drought, and rabbit resistant

**Mature Plant Size:** 12"–36" tall

**Light Requirements:** Full sun

**Plant Depth:** Crown 1" deep, 12"–24" apart

**Soil Type:** Moist but well-drained soil

\$13.00

### NEW! Alpine Sea Holly (4)

*Eryngium alpinum*

Attract pollinators with the unique, blue-purple blooms of this spectacular plant. Drought resistant and great for arrangements.

**Hardiness Zones:** 2–8

**Plant Type:** Perennial

**Bloom Time:** Mid to late summer

**Advantages:** Deer and drought resistant

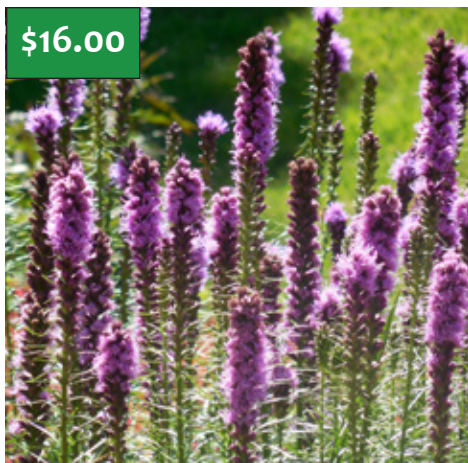

**Mature Plant Size:** 24"–36" tall

**Light Requirements:** Full sun

**Plant Depth:** Crown 1" deep, 12"–24" apart

**Soil Type:** Fairly dry, well-drained soil

\$16.00

### Blazing Star (20)

*Liatris spicata*

A favorite of butterflies, the Blazing Star is perfect for a meadow or border.

**Hardiness Zones:** 3–8

**Plant Type:** Perennial

**Bloom Time:** Late Summer

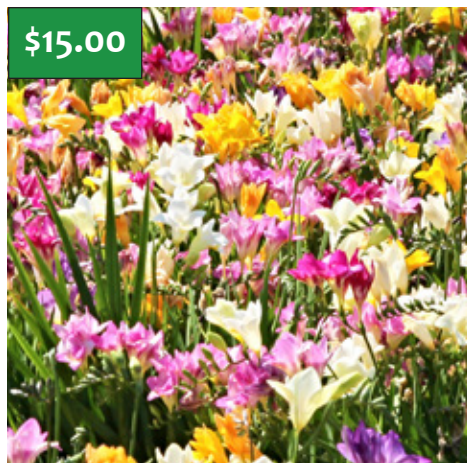

**Advantages:** Deer resistant; attracts hummingbirds and butterflies

**Mature Plant Size:** Approx. 24"–48"

**Light Requirements:** Full sun to half sun/half shade

**Plant Depth:** 6" deep, 12"–15" apart

**Soil Type:** Sandy or loamy soil

\$15.00

### Freesia Mix (20)

*Freesia*

Long-lasting and fragrant, Freesia makes the perfect cut flower.

**Hardiness Zones:** 4–10

**Plant Type:** Annual in most zones; perennial in zones 9–10

**Bloom Time:** Late spring to midsummer

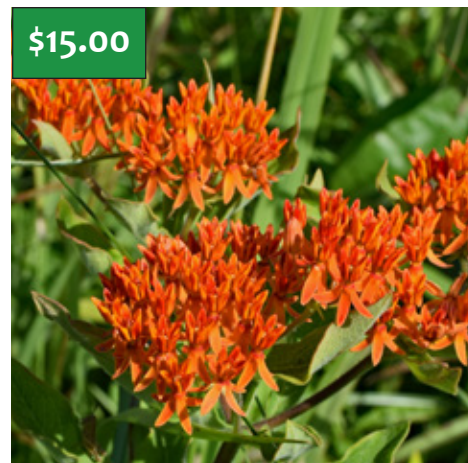

**Advantages:** Easy to grow; great for containers and cut flowers

**Mature Plant Size:** Approx. 18"–24" tall

**Light Requirements:** Full sun

**Plant Depth:** 3" deep, 2"–3" apart

**Soil Type:** Sandy or loamy soil

\$15.00

### Butterfly Weed (5)

*Asclepias tuberosa*

This member of the milkweed family attracts butterflies and hummingbirds.

**Hardiness Zones:** 3–9

**Plant Type:** Perennial

**Bloom Time:** Early through late summer

**Advantages:** Deer and rabbit resistant; attracts pollinators; low maintenance

**Mature Plant Size:** Approx. 18"–30" tall

**Light Requirements:** Full sun

**Plant Depth:** 1" deep, 18"–24" apart

**Soil Type:** Dry to moderately moist, well-drained soil

\$15.00

### Crocasmia Mix (5)

*Crocasmia*

Sprays of colorful flowers bloom along graceful stems. Once established, it's a prolific bloomer!

**Hardiness Zones:** 5–9

**Plant Type:** Perennial

**Bloom Time:** Mid to late summer

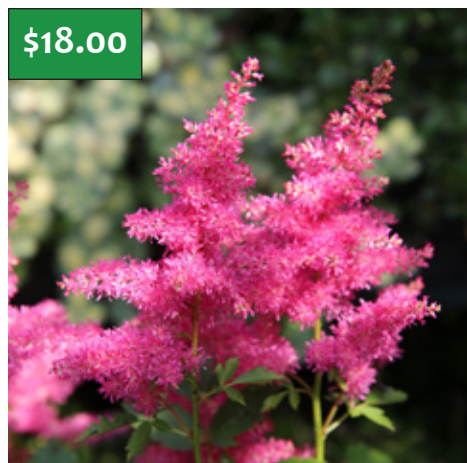

**Advantages:** Deer and rabbit resistant; attracts butterflies and hummingbirds

**Mature Plant Size:** Approx. 18"–24" tall

**Light Requirements:** Full sun to half sun/half shade

**Plant Depth:** 3"–5" deep, 6"–8" apart

**Soil Type:** Moist but well-drained soil

\$18.00

### False Spirea Mix (3)

*Astilbe*

The unique, spiky plumes of False Spirea will add texture and color to your garden. It's deer resistant and so easy to grow!

**Hardiness Zones:** 3–8

**Plant Type:** Perennial

**Bloom Time:** Mid to late summer

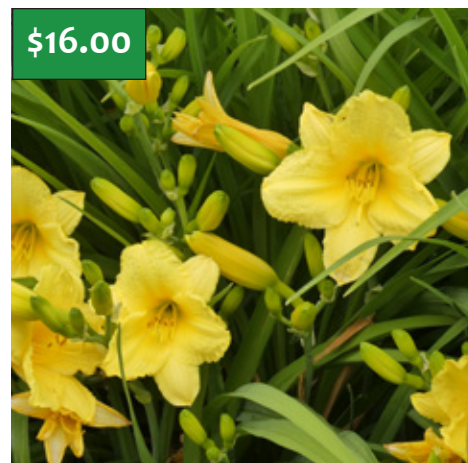

**Advantages:** Easy to grow; deer resistant; attracts butterflies

**Mature Plant Size:** Approx. 20"–36" tall

**Light Requirements:** Half sun/half shade to full shade

**Plant Depth:** 1" deep, 12" apart

**Soil Type:** Moist, rich, well-drained soil

\$16.00

### Stella D'Oro Daylily (3)

*Hemerocallis*

Gardeners love this perennial for its stunning flowers and ease of care. Remove spent blooms and seed pods after flowering to encourage reblooming.

**Hardiness Zones:** 3–9

**Plant Type:** Perennial

**Bloom Time:** Early to late summer

**Advantages:** Reblooming; rabbit resistant; drought tolerant; butterfly attractor

**Mature Plant Size:** Approx. 12" tall

**Light Requirements:** Full sun to half sun

**Plant Depth:** 1" deep, 12"–18" apart

**Soil Type:** Well-drained, loamy soil

## Rainbow Gladiolus Mix (40)

*Gladiolus*

Enjoy a summer cutting garden full of showy blooms! Plant a large number of bulbs grouped together for a dramatic effect. We recommend choosing a spot sheltered from wind to avoid staking. In zones 3–7, dig up bulbs to store indoors for winter.

**Hardiness Zones:** 8–11

**Plant Type:** Perennial in zones 8–11; dig up and store over winter in zones 3–7

**Bloom Time:** Midsummer

**Advantages:** Cut arrangements; butterfly

and hummingbird attractor

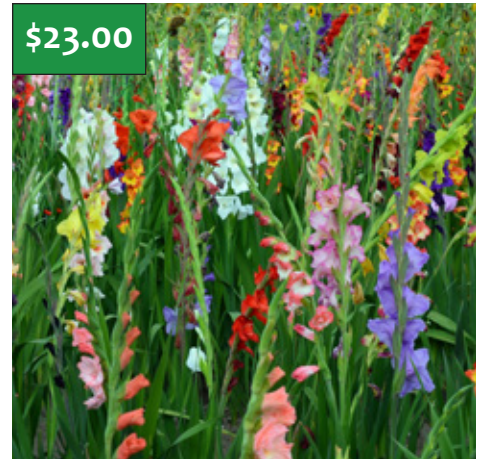

**Mature Plant Size:** Approx. 48"–60" tall

**Light Requirements:** Full sun

**Plant Depth:** 4"–6" deep, 5" apart

**Soil Type:** Moist, well-drained, loamy soil

\$23.00

\$16.00

## Hardy Gladiolus Mix (20)

*Gladiolus nanus*

Cold-hardy to zone 5, this smaller growing gladiolus is an excellent choice for a perennial border or cutting garden. Plus, hummingbirds love it and the deer will stay away from it!

**Hardiness Zones:** 5–8

**Plant Type:** Perennial

**Bloom Time:** Mid to late summer

**Advantages:** Easy to grow; deer resistant; use in cut arrangements

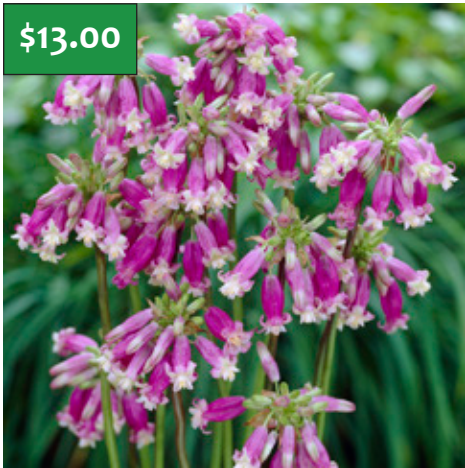

**Mature Plant Size:** Approx. 12"–18" tall

**Light Requirements:** Full sun

**Plant Depth:** 6" deep, 2"–3" apart

**Soil Type:** Sandy, loamy, well-drained soil

\$13.00

## Firecracker Pink Diamond (5)

*Dichelostemma*

Tube-like flowers offer a burst of pink that's beautiful in any garden. In areas that receive frost, you'll want to dig up the bulbs at the end of the season to store indoors for winter.

**Hardiness Zones:** 6–9

**Plant Type:** Perennial

**Bloom Time:** Early summer

**Advantages:** Cut arrangements; butterfly and hummingbird attractor

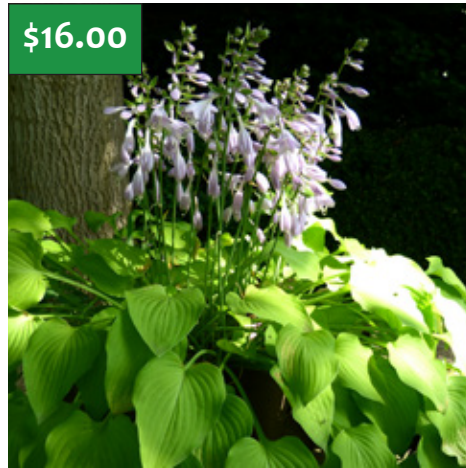

**Mature Plant Size:** Approx. 12"–24" tall

**Light Requirements:** Full sun

**Plant Depth:** 2"–3" deep, 4"–6" apart

**Soil Type:** Sandy or loamy soil

\$16.00

## Hosta Mix (3)

*Hosta*

This shade-loving plant offers intriguing foliage and tall stems bearing trumpet-shaped midsummer blossoms in purple or white. Ideal for borders or planted in clusters.

**Hardiness Zones:** 3–8

**Plant Type:** Perennial

**Bloom Time:** Midsummer

**Advantages:** Easy care; ideal for shady areas; spreads easily

**Mature Plant Size:** 15"–30" tall

**Light Requirements:** Half sun/half shade to full shade

**Plant Depth:** 1"–2" deep, 15"–24" apart

**Soil Type:** Well-drained, loamy soil

\$15.00

## Globe Thistle (5)

*Echinops ritro*

A sun-loving, reblooming perennial, Globe Thistle is an excellent choice for your cutting garden. This low-maintenance plant bears golf-ball-sized blooms in mid to late summer and will attract bees and butterflies to your garden.

**Hardiness Zones:** 3–8

**Plant Type:** Perennial

**Bloom Time:** Mid to late summer

**Advantages:** Deer resistant; attracts pollinators; use in cut arrangements

**Mature Plant Size:** Approx. 36" tall

**Light Requirements:** Full sun

**Plant Depth:** 1" deep, 18" apart

**Soil Type:** Sandy or loamy soil

# Add variety the easy way with collections!

## Summer Sun Garden Mix (80)

## About Our Bulbs

We source our bulbs directly from Holland. These healthy, hardy, and unique varieties will succeed in various areas throughout the contiguous United States. The larger bulb sizes we offer will maximize the blooms in your garden right from the start.

Know your hardiness zone, and be aware of the recommended hardiness zones for any bulbs you purchase. You can find out your hardiness zone by checking the map on the USDA's website at [plants.usda.gov/hardiness.html](https://plants.usda.gov/hardiness.html). A hardiness zone map is also available on the landing page for the fundraiser you are supporting.

With your bulbs, you will receive an instruction sheet for planting. Bulbs should be planted immediately upon arrival; if the danger of

frost has not passed in your area, you can either store your roots in a cool area for two to three days or plant them in pots indoors until the outside weather warms.

Bulbs that are not hardy to your area will need to be dug up before the first hard frost and stored in a cool, dark, dry location through winter. Winter storage instructions are also provided on the instruction sheet you will receive with your bulb order.

Three Rivers Wreath & Plant Company guarantees the quality and growth of every plant we ship, as long as each item is planted immediately upon receipt. If for any reason you are unhappy with a Three Rivers product, please notify us as soon as possible and we will be happy to offer a refund or exchange.

Shop at [threeriversfundraising.com](https://threeriversfundraising.com)
